

B2 Buzzer

Specifications

1. Applicable Scenario

This is a mini buzzer which combined together to work with blind spot detection system. It will trigger audio and light alert to notify pedestrian when intelligent blind spot detection camera detect vulnerable road user enter the dangerous distance for avoiding collision accident.

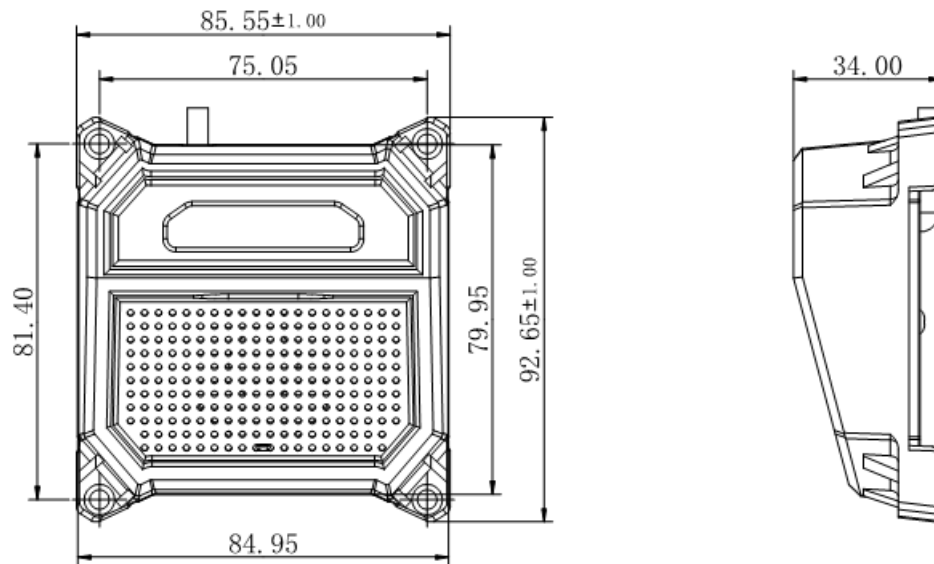

2. Product Features

- DC voltage 12V/24V, support to get power from DVR and vehicle
- Support audio alert and volume is not less than 85db (within 1meter)
- Support LED alert and brightness is not less than 750Lux (within 10cm)
- IP67
- Support RS485 control
- Support I/O control
- Support to get ignition signal
- 6 Pin circular connector
- Compact design

3. Parameter Details

No.	Item	Parameter Value
1	Communication Interface	1*RS485 + 1*I/O
2	Power Input	DC12V/24V
3	Standby Current Consumption	<30mA
4	Power Rating	3.5W
5	Operating Temperature	-40°C ~ +70°C
6	Operating Humidity	10% - 90%
7	IP Level	IP67

4. Dimension Diagram

(unit : mm)
